GETTING ALARMED.

The Tribune is getting very much alarmed over the way politics are shaping in this Territory. It sees that it is losing its hold, and it smarts under the OUTWARD MOVEMENT OF GOLD, tion. lash. On Monday it came out with a most pitiful wail and among other things says in relation to the dividing up on national lines:

In his remarks on Saturday night
Mr. Brown said: "This thing ought
to be tried; that if it did not succeed to be tried; that if it did not succeed that then we would again organize the old Liberal party." We beg to say to him, and to all who think as he does, that if this timer continues, if it shall be determined by so many Democrats and Republicans to drift off on to party lines, that the movement shall prevail and the Liberal party be destroyed, we say that never again will that Lib-eral party be able to gather up its scattered and discovered elements, except through a bloody revolution. Nobody can be more anxious to see this Territory Americanized than is the Tribune. No man on earth more heartily desires that the Mormon question shall be forever settled than does the Tribune. But the reasons why there is a Mormon question here are just as potent to all human eyes as they ever were.
